

# PCDIAMOND DRUMS

## COATING REMOVAL MADE EASY

**EDCO PCDiamond Drums** are designed to remove coatings quickly and cleanly while delivering the precise CSP and surface texture you need.

- EDCO PCDiamond Drums complete projects up to **3-4 times faster** and are engineered to last **20 times longer** than standard carbide drums, exceeding 200,000 sq. ft. of use.
- Plows off high-build epoxy and cementitious/epoxy materials leaving a perfect profile for recoating or polishing.
- Excellent line removal and safety line inlay on both asphalt and concrete.

8" PCDiamond Drum  
Flat Tooth

### FLAT TOOTH PCDIAMOND DRUM

**Shave. SMOOTH. Done.**

- Removes material while leaving a smooth, uniform finish
- Quickly achieves CSP 1 with fewer passes

**Part #65160:** CPM-8, 8" PCDIAMOND DRUM FLAT TOOTH COMPLETE

**Part #65170:** CPM-8, 4" PCDIAMOND DRUM FLAT TOOTH COMPLETE

**Part #65360:** CPM-10, 10" PCDIAMOND DRUM FLAT TOOTH COMPLETE

**Part #65460:** CPU-10FC, 10" PCDIAMOND DRUM FLAT TOOTH COMPLETE

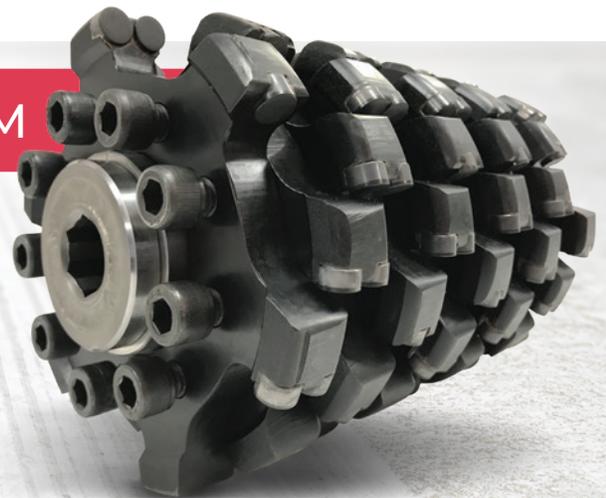

### ROUND TOOTH PCDIAMOND DRUM

**Shave. TEXTURE. Done.**

- Removes material while creating the ideal textured profile
- Quickly achieves CSP 4 with fewer passes

**Part #65180** CPM-8, 8" DIAMOND DRUM ROUND TOOTH COMPLETE

**Part #65370** CPM-10, 10" PCDIAMOND DRUM ROUND TOOTH COMPLETE

8" PCDiamond Drum  
Round Tooth

*Not intended for lippage or trip hazards—use carbide cutters instead*
